PITCHING FORUM 2011 | **march 16-20**

Copenhagen, January 12, 2011

**Docs in Thessaloniki is a five-day international pitching forum, where 21 selected documentary projects will be developed, re-written and pitched to a panel of international financiers. The forum is an outstanding opportunity to create alliances with financiers and co-producers as well as network with colleagues in a relaxed and constructive atmosphere. Docs in Thessaloniki takes place on March 16-20, 2011. Deadline for submitting a project is on January 21, 2011.**

At Docs in Thessaloniki the first three days are focusing on the development of the selected projects. This is done by working in small groups under guidance from international experts and through highly informative seminar sessions. At the end of the workshop each project is re-written and presented in a 2-page presentation.

Docs in Thessaloniki concludes with two days of pitching. During the pitching sessions all participants pitch their projects to a panel of 12 – 15 international financiers from leading broadcasters. The pitching session is followed by scheduled individual meetings between the pitching teams and the financiers. Among the financiers confirmed are:

- **Madeleine Avramoussis**, ARTE G.E.I.E., France
- **Kathrin Brinkmann**, ZDF/ARTE, Germany
- **Jenny Westergård**, YLE FST, Finland
- **Cynthia Kane**, ITVS International, USA
